**TESTIMONIAL FOR ALPHA CELSIUS PTE LTD**

Alpha Celsius has been the service provider for our refrigeration system for the past 10 years. They designed, planned, installed, and maintained our systems and have been with us every step of the way. We have nothing but praise for the entire team at Alpha Celsius. They have provided us with impeccable service throughout the time we have been working with them.

Being a fully cold-chain facility, a good working refrigeration system is of utmost importance to us. We have been able to count on Alpha Celsius and their team to respond to our emergency calls for any matter related to the systems at any time of the day. Their well-trained and capable technicians can identify problems and resolve issues quickly, allowing us to have a peace of mind that our systems are in good hands.

It gives us great pleasure to be able to write this testimonial for them to affirm their dedication to providing one of the best services for any form of maintenance that may be required, no matter the time of day. We would highly recommend Alpha Celsius to anyone who may be considering a service provider for their refrigeration system.
